User manual
DAHUA PFB710C-SG

The adapter**DAHUA PFB710C-SG**is designed to mount PTZ cameras on ceilings, providing a robust and secure support. Its design allows for easy integration with the PSDW81642M PTZ camera, ensuring stability and ease of use in various video surveillance applications.

1. Main Features
- Strong and durable design.
- High quality material for indoor and outdoor environments.
- Easy to install and compatible with selected Dahua PTZ cameras.
- Corrosion resistant finish.
- Provides stability for high precision cameras.

2. Package Contents
- DAHUA PFB710C-SG ceiling mount adapter.

3. Technical specifications
- Material: Stainless steel.
- Dimensions: Φ133.6mmx235.5mm.
- Weight: 2.2 kg.
- Compatibility: PTZ cameras model PSDW81642M.
- Maximum load capacity: 30 kg.

4. Installation instructions
Warning

Before installing, make sure the ceiling where the adapter will be mounted is capable of supporting the combined weight of the adapter and PTZ camera.

Installation steps

4.1. Preparation:
- Check that all parts are included in the package.
- Identify the appropriate location on the roof.

4.2. Mounting the adapter:
- Use screws to fix the adapter to the ceiling.
- Make sure the adapter is securely fastened and level.

4.3. PTZ camera connection:
- Mount the PSDW81642M PTZ camera to the adapter using the included accessories.
- Check that the screws are properly tightened to avoid unwanted movements.

4.4. Test:
- Connect the camera to your video surveillance system and make sure it is working properly.

5. Maintenance and care
- Regularly inspect screws and adjustments to ensure adapter stability.
- Clean the adapter with a damp cloth to prevent dust build-up.
- Avoid the use of abrasive chemicals.

6. Troubleshooting common problems

PROBLEM	POSSIBLE CAUSE	SOLUTION
The adapter is not level.	Incorrect installation.	Retighten the screws.
The camera is shaking.	Loose screws.	I secured all the screws.
