

Desk Stand Kit with Auxiliary Power Supply

Table stand with power adapter for PowerSeries NEO wireless keyboards

HS2LCDWFP9N. Good accessories to use when the wireless keyboard is not going to be mounted on the cut. The table stand can also be used as a complement to a placement of "normal" wall. For example, the keyboard can be easily moved between the location “normal” at the entrance door of the room/house to the desk stand whenever necessary.

Contains:

- Desk base

- Auxiliary power supply
