- 2 adjustable vertical supports. 1 rear support
- for the screen. Hardware (includes necessary
- tools). Quick assembly manual.
-

---

4. Assembly Instructions

Tools needed:

Included in the package (hex key and screwdriver).

Steps:

Base assembly:

either Attach the wheels to the base using the screws provided. Make sure the wheels are firmly installed and functional.

Fixing the vertical supports:

either Align the upright supports with the base and tighten the screws with the hex wrench.

Rear bracket installation:

either Attach the rear bracket to the vertical supports. Adjust the screws according to the screen size.

Mounting the interactive screen:

either Carefully place the Dahua WhiteBoard display onto the rear bracket. Make sure to align the mounting points and use the provided hardware to secure it.

Final verification:

either Check that all parts are firmly tightened before moving or using the stand.

---

5. Compatibility

The DHI-PKC-MS2E bracket is**Exclusively compatible with Dahua WhiteBoard displays**. Do not attempt to use it with other brands or models to avoid damage or safety hazards.

---

6. Use and Settings

Mobility:

either Unlock the wheels to move the screen easily.
either Be sure to block the wheels when stopping to prevent accidental movements.

Adjustable height:

either Adjust the height by loosening the knobs on the upright supports, raising or lowering as needed, and retightening the knobs to secure the position.

Inclination:

either Adjust the tilt by loosening the rear mechanism, tilting the screen back 15°, and tightening again to secure.

---

7. Maintenance and Care

- Clean regularly with a soft, dry cloth. Avoid
- using abrasive chemicals.
- Periodically inspect bolts and wheels to ensure they are secure.
